

Why This Notice

This page describes how the site is managed with regard to the processing of personal data of the users who consult it. Following consultation of this site, data relating to identified or identifiable persons may be processed. This information is provided pursuant to Art. 13 of Regulation (EU) 2016/679 (GDPR 2016/679), to those who interact with the web services of TREBAX S.r.l. for the protection of personal data, accessible electronically starting from the address: <https://trebaxmoulds.com/> or via the link [trebax.it](https://trebaxmoulds.com/), which will redirect the user to the Data Controller's website. The information is provided only for the website of TREBAX S.r.l. and not for other websites that may be consulted by the user via links. The information is also inspired by Recommendation no. 2/2001 that the European authorities for the protection of personal data, gathered in the Group established by art. 29 of directive no. 95/46/EC, adopted on 17 May 2001 to identify some minimum requirements for collecting personal data online, and, in particular, the methods, timing, and nature of the information that data controllers must provide to users when they connect to web pages, regardless of the purpose of the connection.

Types Of Data Processed

Browsing data

The computer systems and software procedures responsible for the operation of these websites acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols. This information is not collected to be associated with identified data subjects, but by its very nature could, through processing and association with data held by third parties, allow users to be identified. This category of data includes IP addresses or domain names of the computers used by users connecting to the site, URI (Uniform Resource Identifier) addresses of the requested resources, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response given by the server (successful, error, etc.) and other parameters relating to the operating system and the user's computer environment. These data are used for the sole purpose of obtaining anonymous statistical information on the use of the site and to check its correct functioning and are deleted immediately after processing. The data could be used to ascertain responsibility in the event of hypothetical cybercrimes against the site: except for this possibility, at present the data on web contacts do not persist for more than seven days.

Data provided voluntarily by the user

TREBAX S.r.l. will process the personal data that the user provides at the time of registration, request for a specific service or in any case within the relationship with the Controller's website: Such data may include:

- personal and contact data;
- personal data included within the Curriculum Vitae.

TREBAX S.r.l. will indicate, also through its forms on the website trebaxmoulds.com, the data whose provision is strictly necessary to use the services and the additional data whose provision is instead necessary only to enrich your user experience within the services themselves.

Data Controller, Data Processor and DPO

The Data Controller is TREBAX S.r.l., represented by its legal representative. The list of External Data Processors is constantly updated and can be consulted at the registered office of the company. A DPO has not been appointed.

Purposes of the processing for which the data are intended and legal bases

The personal data provided by you will be used for the following purposes:

- a) respond to contact requests (art. 6 par. 1 letter b of the GDPR);
- b) manage proper navigation on the trebaxmoulds.com portal (art. 6 par. 1 letter b of the GDPR);
- c) evaluate the application submitted through the "Work with Us" form (art. 6 par. 1 letter b of the GDPR);
- d) send, via email, promotional and informative communications regarding products, services, commercial news and initiatives proposed by TREBAX S.r.l. (art. 6 par. 1 letter a of the GDPR);
- e) allow registration and access to the Reserved Area of the website to view the history of orders and download specific technical documentation (e.g., DDT) (art. 6 par. 1 letter b of the GDPR).

Nature of Provision

The provision of data is mandatory regarding the purposes indicated in letters a), b), c) and e): any refusal to provide data will make it impossible to proceed with the full provision of the services offered and/or to properly evaluate the candidate's application. The provision of data is optional regarding the purposes indicated in letter d): any refusal to provide data will make it impossible to receive promotional and informative communications relating to products, services, commercial news and initiatives proposed by TREBAX S.r.l.

Processing Methods

All personal data are processed mainly through electronic tools and methods, however processing using paper media is not excluded a priori. The data will be kept in a form that allows the identification of data subjects only for the time strictly necessary to achieve the purposes for which the data were originally collected and, in any case, within the limits of the law. In order to ensure that personal data are always accurate, updated, complete and relevant, we invite users and other interested parties to keep their data updated, or to report any changes that have occurred to the following email address: privacy@trebax.it. Personal data will be processed only for the time necessary in relation to the purposes described above. Security measures will be employed to ensure the confidentiality of the data subject to whom such data refer and to prevent unauthorized access by third parties or unauthorized personnel.

Place Of Data Processing

Processing related to the web services of this site takes place at the registered and operational headquarters of TREBAX S.r.l. and is handled only by specifically appointed personnel; data are also processed in any other place where the parties involved in the processing are located. In particular, all data relating to the website, as well as the relative security copies, are stored on servers hosted in data centers within the European Union and compliant with current EU regulations. For further information, contact the Data Controller.

Data Processing Times

Data are processed for the time necessary to perform the service requested by the user, or required by the purposes described in this document, and the user can always request the interruption of processing or the deletion of data. With specific reference to data relating to the Curriculum Vitae, the data will be kept for up to 12 months from their transmission to the Controller. With specific reference to data processed for the purpose referred to in letter d), the data will be processed for 5 years from the granting of consent. Relating to data processed for the purpose referred to in letter e), the data will be processed for 5 years from registration.

Communication of data to third parties

No data will be subject to dissemination. Where communication to third-party suppliers, consultants or partners is necessary for requirements related to the provision of the Services, the Data Controller will appoint them as Data Processors pursuant to Art. 28 of the Regulation, by virtue of their demonstrated capacity, experience and reliability. Data subjects may request at any time the complete list of Data Processors appointed from time to time by TREBAX S.r.l., by sending a request to the Controller at the email address privacy@trebax.it. It is understood that users' personal data may be freely communicated to third parties, such as police forces or other public administrations, whenever permitted by law or required by an order or provision of a competent authority. Such entities will process the data as independent Data Controllers.

Cookie Ownership

Since the installation of Cookies and other tracking systems operated by third parties through the services used within this site cannot be technically controlled by the Data Controller, any specific reference to Cookies and tracking systems installed by third parties is to be considered indicative. Given the objective complexity linked to the identification of Cookie-based technologies and their very close integration with the functioning of the web, the user is invited to contact the Controller should they wish to receive any further details regarding the use of Cookies themselves and any uses of the same — for example by third parties — made through this site.

Security of personal data

Adequate security measures are adopted to minimize the risks of destruction or loss — even accidental — of data, unauthorized access or processing that is not permitted or non-compliant with the collection purposes indicated in this Privacy Policy. The transfer, storage and processing of your data collected through the site is guaranteed by appropriate technical measures. However, TREBAX S.r.l. cannot guarantee its users that the measures adopted for the security of the Site and the transmission of data and information on the site limit or exclude any risk of unauthorized access or dissemination of data by devices pertaining to the user: We advise you to ensure that your computer is equipped with suitable software for the protection of data transmission on the network, both incoming and outgoing (such as updated antivirus systems) and that your Internet service provider has adopted suitable measures for the security of data transmission on the network (such as firewalls and anti-spam filters).

What are COOKIES?

Cookies are text strings that websites transmit and store on users' devices (PC, smartphone, tablet) through the browser during navigation, to then be retransmitted to the same sites on the next visit. Cookies encode various information, such as IP address, access credentials or language settings. Cookies are classified based on:

THE PRIVACY AND COOKIE POLICY OF THIS SITE

- **Duration:** session cookies (deleted when closing the browser) or persistent cookies (remain stored until a predefined expiration date).
- **Origin:** first-party (installed directly by the Site Controller) or third-party (installed by a domain external to the site, e.g., for widgets or integrated services).
- **Purpose:**
 - **Technical cookies:** necessary for the proper functioning of the site and the provision of requested services. They do not require prior consent from the user.
 - **Analytics cookies:** used to collect statistical data on site usage. If anonymized (e.g., IP masking), they are equivalent to technical cookies; otherwise, they require consent.
 - **Profiling and marketing cookies:** used to track navigation and create personalized profiles for advertising purposes. They always require explicit consent from the user.

How evidence of cookies will be given on this website

Since the site exclusively uses technical cookies necessary for operation and service provision, the consent banner is not legally required (as confirmed by the Guidelines of the Privacy Authority of June 10, 2021). The information is provided solely through the extended document accessible from the footer. In compliance with the principles of lawfulness, transparency and fairness, the Data Controller provides you with this extended information notice, which can be consulted at any time via the specific link in the footer of the website. Please note that this site exclusively makes use of technical cookies, necessary to guarantee correct navigation, the functioning of pages and the provision of services requested by the user. Since no profiling, marketing or non-anonymized third-party analytical cookies are used, in accordance with current legislation and the Guidelines of the Data Protection Authority, no prior information banner display or consent collection from the user is required.

Purpose of cookies

The cookies present on this site are technical cookies: their use ensures navigation on the TREBAX website and guarantees that you can use the services of this portal.

Legal Basis

The legal basis constitutes the source on which the legitimacy of personal data processing by the Controller rests. Based on the Guidelines prepared by the Data Protection Authority, we inform you that, regarding the cookies present on this site:

- **Technical cookies:** for this particular type of cookie, prior user consent is not required. This site is, by default, configured in such a way as to provide for the activation of technical cookies upon the user's first access.

Disabling cookies or deleting them could compromise the optimal use of some areas of the Site or prevent some features, as well as affect the operation of third-party services.

Rights of the Data Subject

At any time, pursuant to Arts. 15-22 of EU Regulation 2016/679, you may exercise the right to:

- a) request confirmation of the existence or non-existence of your personal data and, if positive, obtain access to personal data and to the information indicated in point b) below;
- b) obtain indications regarding the purposes of the processing, categories of personal data, recipients or categories of recipients to whom the personal data have been or will be communicated (in particular if recipients from third countries or international organizations) and, when possible, the retention period;

THE PRIVACY AND COOKIE POLICY OF THIS SITE

- c) obtain rectification and deletion of data;
- d) withdraw your consent at any time (however, withdrawal of consent does not affect the lawfulness of processing based on consent prior to withdrawal);
- e) obtain restriction of processing;
- f) obtain data portability, i.e., receive them from a data controller in a structured, commonly used and machine-readable format, and transmit them to another data controller without hindrance;
- g) object to processing at any time, including in the case of processing for direct marketing purposes;
- h) object to an automated decision-making process concerning natural persons, including profiling;
- i) obtain confirmation of compliance with the provisions of Art. 19 of EU Regulation 2016/679 by the Data Controller, i.e. communication — to each of the recipients to whom the personal data have been transmitted — of any rectifications or deletions or restrictions of processing carried out pursuant to Art. 16 of EU Regulation 2016/679, except where such fulfillment proves impossible or involves a disproportionate effort;
- j) lodge a complaint with the competent supervisory authority.
